YMCA MISSION
TO PUT CHRISTIAN PRINCIPLES INTO PRACTICE THROUGH PROGRAMS THAT BUILD HEALTHY SPIRIT, MIND, AND BODY FOR ALL.

**FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY**

GROUP EXERCISE CLASS DESCRIPTIONS

CLASSIC FITNESS - Music from the 60's, 70's and 80's is used to motivate participants in this rhythmic exercise format. Easy to follow, enjoyable motions and patterns to raise heartrate, break a sweat and bring a smile.

HIP HOP - We take the "work" out of workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning, fun fitness class. Inspired by a variety of dance genres, you'll find yourself moving from Hip Hop to Broadway through all-over-the-world musical influences. Incorporates muscle training exercises.

HIIT - High intensity interval training is defined as short, intense, unsustainable bursts of physical activity, paired with intervals of quick rests. This type of intense training causes a sort of metabolic disturbance which can result in the body burning calories at a higher rate up to 48-72 hours later. HIIT can also increase metabolism, reduce insulin resistance, improve cardiac function, produce faster gains in endurance levels than steady state cardio training and can be an effective way to recruit/build type 2 fast twitch muscle.

INDOOR CYCLING - A low impact group exercise class performed on stationary bikes. During the class, the instructor simulates hills, sprints, and races. You will be kept motivated by the instructor, the people around you, and the great music.

KIDFIT - Movement through imagination geared toward 2 to 5 year olds. Regular physical activity plays an important role in early childhood development and supports everything from your child's overall health to their success in school. Legal guardian will need to sign covid waiver and provide ID copy.

LES MILLS BODYPUMP® - This results-driven barbell class by Les Mills provides a workout that will strengthen all your major muscle groups by using the best weight-room exercises in a group setting. Be prepared for squats, presses, lifts and curls like you've never seen them before! Smart Start - Les Mills has conducted in-depth research into beginners' adherence to exercise, and knows that the key to great results is starting slowly. This means giving new people the option to leave after the first 20 minutes.

LES MILLS BODYCOMBAT® - is a high-energy martial arts-inspired workout that is totally non-contact. Punch and kick your way to fitness. No experience needed. Learn moves from Karate, Taekwondo, Boxing, Muay Thai, Capoeira and Kung Fu. Release stress, have a blast and feel like a champ.

LES MILLS CORE® - is the ultimate scientific core workout for incredible core definition and sports performance. Les Mills Core builds strength, stability and endurance in the muscles that support your core, including the abdominals, glutes and back. The workout includes exercises that utilize a Les Mills Smartband, weight plates and bodyweight exercises.

PILATES - This workout focuses on your body's core. Focuses on breathing, body control, flowing movements, stretching and precision. A strong core is beneficial to your back and better posture.

PILATES BASICS - Learn basic Pilates techniques like ribcage breath, head/neck posture, core brace, primary positions, etc. before joining the regular Pilates class. Class size limited.

PIYO® - This is a unique class designed to build strength and flexibility. The moves fit perfectly together to form a class filled with intense choreography that's fun, challenging and will make you sweat. Think toned abdominals, increased overall core strength and greater stability.

POWERUP - Improve overall fitness by combining resistance training exercises organized in challenging sets with a bit of cardio mixed in. This full-body workout is multi-level with modifications shown using a variety of resistance equipment.

TABATA - This class utilizes extreme intervals to get you into great shape. Aerobic capacity, endurance, strength, and whole-body toning are just a few of the benefits of this exciting and challenging class.

YOGA - This class is designed to improve the health, performance, and mental acuity of athletes or individuals interested in improving their level of fitness. Also designed to meet the needs of those new to yoga as well as those seeking continued understanding of basic yoga poses.
